# About This Pack

This Phonics Word List pack serves as an easy reference guide for your phonics, reading, and spelling lessons. The lists are organized systematically by phonics knowledge and are suitable for any phonics program.

The Word Lists include single-syllable, multisyllabic and high-frequency words. The lists are not exhaustive; however, the chosen words provide an excellent range of words to suit your needs and help you differentiate for student abilities.

Sets 1 - 17 comprise the Basic Code (single-syllable words) and Sets 18 - 57 are in the Advanced Code (single-syllable and multisyllabic words). In addition, some sets include high-frequency words, which are indicated by 'HF Words.'

Each page includes columns that you can use to help you keep track of the words used. Use this as a checklist with dates of when you used particular words. Alternatively, you can add in more of your own words. Finally, there are some lines at the bottom of each page for any additional notes you want to make. For example,

- Write dictation sentences to use for checking students' spelling
- Record how you explained particular words
- Note any difficulties encountered by your students with specific words

The tables on the following pages show the progression of the lists from simple to more complex structures. You can use the lists in order or pick and choose based on your weekly lessons and students' abilities.

# Basic Code

The table below shows the progression of the lists in the Basic Code. Click on the Set Number to be taken to the specific Word List.

Set	Structure	Graphemes
1	CVC words	a, i, e, t
2		n, o, u
3		b, c, g, h
4		d, e, f, v
5		l, r, u
6		j, w, x, y, z
7		ff, ll, ss, zz
8	VCC, CVCC words	No new spellings
9	CCVC words	
10	CCVCC, CCCV, CVCCC words	
11	Digraph sh	sh
12	Digraph ch	ch
13	Digraph ck	ck
14	Digraph th	th
15	Digraph wh	wh
16	Digraph ng	ng
17	Phonemes /k/ /w/	qu

# Advanced Code

The table below shows the progression of the lists in the Advanced Code. Click on the Set Number to be taken to the specific Word List.

Set	Phoneme	Graphemes	Set	Phoneme	Graphemes
